No 435 Chestnut St.  
Philadelphia, Pa. Nov 15 1886.

JOHN A. WILSON, Civil Engineer.  
JOS. M. WILSON, Civil Engineer & Arch<sup>t</sup>  
FRED. G. THORN, Architect.

We have not estimated any cost for the removal of old boilers and engines which are not to be utilized as contracts for their sale and removal can be made as they stand in the building.

We estimate that all other additions proposed in plan and not herein provided for will cost \$150,000 additional to the present appropriation.

Rushy.

Supt. U.S. Mint Philada.

Dear Sir,

We here with send you drawing No. 14757 perspective, showing proposed alterations and additions to the United States Mint in Philadelphia, also revised blue prints of Drawings Nos. 14718 & 14719 in which after consultation with your Cashier, we have changed the location of Adams Express Office from first floor to basement. You will kindly return to us old blue prints of drawing Nos. 14718 & 14719 to avoid confusion.

Following you will find an approximate estimate of the cost of work contemplated and provided for in the existing appropriation of \$54,000.

1st New Engine, setting &c.	\$9500.00
2. " Boilers, fixtures & flue.	15000.00
3rd Shafting &c. Removal of Eng. No. 2, and arrangement of Machinery.	6500.00
4th New Boiler House, Storage vaults for steam coal, Blacksmith coal, sweep stoves, and for changes in Shafting and Rolling rooms.	18000.00
Total approx. Estimate	\$49,000.00

We have not estimated any cost for the removal of old boilers and engines which are not to be utilized as contracts for this sale and removal can be made as they stand in the building.

We estimate that all other additions proposed in plans and not herein provides for will cost \$150,000 additional to the present appropriation.
